Dal 1958, anno di fondazione della nostra società, produciamo **molle** per macchine agricole, sia per piccoli quantitativi che per grandi produzioni. La nostra offerta si caratterizza per l'**alta qualità** dei prodotti che vengono fabbricati con **materie prime** garantite da certificati di analisi.

L'**automazione** del trattamento termico e della verniciatura assicurano alla produzione caratteristiche omogenee. Inoltre, il **nuovo impianto** di verniciatura a polvere epossidica consente di soddisfare qualsiasi esigenza del **cliente** circa la scelta del colore ed il grado di finitura dell'articolo.

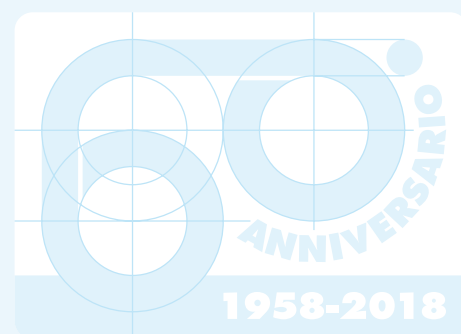

Il nostro **ampio magazzino** consente l'immediata disponibilità di tutti i prodotti presenti a catalogo, assicurando in questo modo al cliente **tempi brevissimi** per la consegna.

Since 1958, the year in which our company was founded, we have been producing springs for farm machines, for small quantities and large productions. Our offer is characterised by the high quality of the products which are manufactured with raw materials guaranteed by analysis certificates. The automation of the thermal and painting treatment ensures that the production has homogeneous characteristics. Moreover, the new epoxy powder painting plant enables us to meet any customer need concerning the colour and degree of finish of the article. Thanks to our wide stock, all the products in the catalogue are immediately available, thus guaranteeing the customer extremely short delivery times.

Depuis 1958, année où notre société a été fondée, nous produisons des ressorts pour machines agricoles, aussi bien en petites qu'en grandes quantités. Notre offre est caractérisée par la qualité élevée des produits, qui sont fabriqués à l'aide de matières premières garanties par des certificats d'analyse. L'automatisation du traitement thermique et de la peinture assure à la production des caractéristiques homogènes. En outre, la nouvelle installation de peinture à poudre époxy permet de satisfaire à toutes les exigences de la clientèle quant au choix de la couleur et au niveau de finition de l'article. Grâce à notre vaste stock, tous les produits présentés sur le catalogue sont immédiatement disponibles, en garantissant ainsi au client une livraison dans des délais très courts.

Seit 1958, dem Gründungsjahr unserer Gesellschaft, stellen wir Federn für Landbaumaschinen her, und zwar sowohl in kleinen Mengen als auch für große Produktionen. Unser Angebot zeichnet sich durch die hohe Qualität der Produkte aus, die nur mit Rohstoffen hergestellt werden, für die Analysebescheinigungen garantieren. Die Automatisierung der thermischen Behandlung und der Lackierung gewährleisten der Produktion gleichbleibende Charakteristiken. Außerdem erlaubt unsere neue Anlage zur Lackierung mit Epoxidharzpulver, alle Anforderungen des Kunden zu erfüllen, ganz gleich ob es um die Farbe oder den Feinbearbeitungsgrad des Produktes geht. Unser großes Lager ermöglicht die sofortige Bereitstellung aller im Katalog enthaltenen Produkte und gewährleistet somit dem Kunden höchst kurze Lieferzeiten.

Desde 1958, año de la fundación de nuestra sociedad, producimos resortes para máquinas agrícolas, tanto para pequeñas cantidades como para grandes producciones. Nuestra oferta se caracteriza por la alta calidad de los productos que se fabrican con materias primas garantizadas por certificados de análisis. La automatización del tratamiento térmico y de la pintura aseguran a la producción características homogéneas. Además, el nuevo sistema de pintura con polvo epoxídico, permite satisfacer cualquier exigencia del cliente respecto a la elección del color y el grado de acabado del artículo. Nuestro amplio almacén permite la inmediata disponibilidad de todos los productos presentes en el catálogo, asegurando de esta forma al cliente tiempos muy breves en la entrega.
